

Büşra Kahraman

Web Developer/Frontend Developer

Bursa | busrakahraman.b@gmail.com | <https://www.linkedin.com/in/busrakahramanb/> | <https://busrakahraman.github.io/Portfolio/> | <https://github.com/BusraKahraman>

I am a dedicated web developer with a wealth of experience in JavaScript and React. My strengths lie in my problem-solving abilities, and I have a proven track record of quickly grasping new concepts. I am equally comfortable working autonomously and collaborating effectively within a team.

EXPERIENCE

Turkcell

Platform Tester

01/2018-01/2020, Remote

- Conducted manual testing of mobile and web applications to ensure they were functional and bug-free by following test scenarios and writing detailed bug reports.
- Evaluated applications before they were released to identify and report bugs, glitches, and usability issues.
- Executed test cases and followed test scripts to verify the functionality and performance of applications.
- Used Jira to document and track findings, including bug reports, test cases, and test results, ensuring efficient collaboration with the development team and streamlined issue resolution processes.

Çilek

IT (Internship)
